

CHRISTIAN HEALING GIVEN SUPPORT OF CHURCHMEN Amendment to Episcopal Church Law on Divorce Accepted by House of Bishops

(BY A. P. NIGHT WIRE.)
PORTLAND (Or.) Sept. 15.—The principle of Christian healing was endorsed by the House of Deputies of the Protestant Episcopal Church in the United States in general convention here today.

Resolutions adopted at the Lambeth conference in 1929, which recommended that churches take up Christian healing, and that clergymen make a study of it, were reaffirmed, and the deputies adopted another resolution providing that a joint commission of six bishops, six presbyters and six laymen, three of whom are to be physicians, make a further study of healing and report at the next triennial convention.

Rev. Franklin C. Sherman of Akron, O., speaking for resolutions he had presented, said:

DISCUSS HEALING
"I am well aware that there is great danger of fanaticism and of making claims which are unsubstantiated, but I wish to make the statement that the principle of healing is a vital part of the teaching of Christ. We do not ask that the general convention give expression regarding any particular method, but that it make an unequivocal declaration of the power of Christ to heal today, and to recommend that the clergy make a study of the subject."

Rev. H. P. Almon Abbott of Baltimore made the declaration of the canon of healing in his parish for the last three years, and that it had caused a spiritual uplift.

"More than 2500 persons have asked for treatment," he said, "and 30 per cent have reported benefit. We have affidavits showing this. Only one of the 2500 has expressed disappointment."

Rev. G. F. Wells of Los Angeles said that the healing movement was in a state of flux, and it was time for the church to recognize it. He spoke for adoption of the resolution he had presented.

Morris Earle of Philadelphia presented a resolution providing that physicians be included in the commission, but that the question be in the next three years.

DEACONESSES LOSE
The House of Bishops by a vote of 44 to 42 defeated a motion by Bishop Cameron Mann of South Florida to lay on the table the report of the commission of deaconesses in which the recommendation of deaconesses as a distinct order in the church, and to provide for their ordination. A motion by Bishop T. D. Hunt of Indiana to recommit the report to the commission for further consideration was lost by a vote of 40 to 30.

Further consideration of the question will be given by the bishops at a later date in the present convention.

The House of Deputies voted to "request," instead of "direct," the presiding bishop and the presbytery to appropriate \$24,000 for the present year for the commission on faith healing, which for twelve years has been working for church unity, having already spent \$160,000 in the cause. Rev. Dr. E. M. Stires of New York moved an appropriation of \$24,000 for this year's work of the commission, which would be necessary to borrow the money.

Rev. Dr. F. E. Nelson of Cincinnati said the commission was already \$17,000 in debt and that unless the \$24,000 was supplied, the commission would have to stop work. He said the church had gone so far in the work toward unity that it could not well turn back.

WANTED IN INDIA
Invitation to the American church to extend its missionary activities to India was presented to the House of Bishops through Prof. E. L. Joshi, exchange professor from India at the University of Nebraska. Prof. Joshi told the bishops:

"I speak from knowledge when I say that the Church of England would heartily welcome American co-operation in the Indian field under the peculiar conditions produced by the war." The bishops referred his address to the missionary committee with a view to taking action on his recommendations.

Race suicide was hit a double blow in the approval by the House of Bishops of the report of the commission on home and family life, in which emphasis is placed upon the duty of Christians to rear families and the adoption by the House of Deputies of an entirely new prayer in the marriage service, which the House of Bishops proposes to insert in the prayer book, and which has become known in convention circles as an "anti-race suicide" prayer.

"Bless, O God, we pray thee, the union of these thy servants, that it may be fruitful according to thy purpose, and enable them to train in health of body and of soul the children whom thou givest them, through Jesus Christ, thy son, our Lord, Amen."

"The remedy for the frightful dissolution of the marriage tie going on in America, and its accompanying crime of race suicide, is to be found in Christian training alone," said the report.

"Remedial legislation, while valuable, does not go to the root of the evil. Boys and girls should be taught as early as possible that the highest purpose of marriage is the perpetuation of the race, involving the begetting and education of children for the work of the world."

DIVORCE AMENDMENT
Prominent members of the New York delegation expressed opposition to any change in the present divorce laws of the church, which forbid a clergyman performing a marriage ceremony except in cases where a divorce had been granted on grounds of infidelity. The amendment, which was passed by the House of Bishops, was proposed by Bishop Charles H. Brent of Western New York.

The amendment provides, in effect, that no member of the church shall marry a divorced person, exception being made in cases where a divorce has been granted on grounds of infidelity. Stephen S. Baker, prominent lay

by the Turks and the conflagration that followed.

CONSTANTINOPLE, Sept. 15.—A message from Ankara received here at 2 o'clock this afternoon announces the fall of Paderma, the last stronghold of the Greeks in Asia Minor, to the Turks. Most of the Greek Third Army Corps was safely evacuated toward Thrace.

Only 5000 women and children of the 60,000 who were there three days ago remain in Mudania, according to advices received from Capt. Adams, commanding an American submarine chaser which is in Mudania Harbor.

It is assumed here that the main portion of the refugees fled or were taken by the Kemalists to the hills. Their fate is not known.

BRITISH TO USE FLEET
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Sept. 15.—Mustapha Kemal Pasha should attempt to move his victorious forces against Constantinople he will be opposed by the British fleet.

The British Cabinet after a meeting today announced that instructions had been issued to the Turkish armada to allow no Turkish troops to make the crossing from Asia Minor to the European shore.

Complete agreement was reached at the Cabinet meeting with the French for the protection of the neutral zones on both sides of the straits of the Dardanelles and also of Constantinople. The British fleet is now at Athens. Business men and relief workers who remained in the city are being evacuated by the destroyer Edsall.

The destroyer Edsall left early yesterday for Saloniki with 400 British troops in addition to the American troops sent to the city.

Preparations are being made by the British to send reinforcements into the neutral zones.

The British and Rumania both are reported to be viewing with the greatest concern the possibility of the Turks returning to Thrace.

ALL EUROPE STAGGERED
(BY CABLE—EXCLUSIVE DISPATCH.)
SMYRNA (Asia Minor) Sept. 15.—With almost the entire beautiful city of Smyrna in ashes, entailing a loss exceeding \$200,000,000; with the bodies of thousands of Greek soldiers and thousands of bodies of Christian women and children strewn throughout the ruins, the victims of Turkish massacre; with 200,000 refugees being driven terror-stricken to the hills and to the coast, the world today stands before the most monstrous crime of the century.

With a cunning and duplicity that has characterized the Turkish empire since its birth, the blow in the very face of civilization and against Christianity that has been dealt the world today is a blow in the face of the world's history. There is indisputable evidence that the terrible crime was planned and executed by the Turkish authorities who had from American, British, French and Italian officials there would be no investigation of the crime.

Radio communication facilities between Washington and Smyrna are being maintained, but there is no reason to fear the service will not continue. Dispatches telling of the burning of Smyrna were received here at 1 o'clock yesterday afternoon by Capt. Hepburn in Smyrna reached here at 10:30.

They were sent from Smyrna by wireless to Admiral Bristol at Constantinople and we replied by about 10:30.

With the Simpson which has returned to Smyrna from Athens, the American refugees were landed the destroyer Edsall under the command of Capt. Hepburn, the destroyer Bulmer, another of the American fleet, and will be called into action if needed.

constructed so that the ice will break up. Very good, but no matter what her construction, when those huge hummocks begin closing in on her she's going to crash.

"If Capt. Amundsen should attempt to fly across the pole this season that would be the end of him and his pilot. He's at Wainwright now and he'll have 1200 miles to fly before reaching the pole. The Arctic Ocean is full of ice this fall—ice that wouldn't permit a landing anywhere. In a good year he might make it across, but not in a single hop."

"Off Wrangell Island" has been the death sentence of many good ships. When a ship freezes in off Wrangell, she's gone. That's where the Karluk was lost in 1912, and that's where eight whaling ships froze in for the winter of 1917. They drifted north and were never heard of afterward. Most of the men in time made their way to Point Barrow over the ice."

KILLED BY OWN REVOLVER
(BY A. P. NIGHT WIRE.)
UKIAH (Cal.) Sept. 15.—Howard D. Malone, real estate man of Fresno, was killed by the accidental discharge of his revolver as he was stowing baggage in his car at the Fresno station today.

He was taken to a hospital and died after a visit with his brother-in-law, Fred Handy. He came here with his wife and daughter.

MICHIGAN PICNIC TOMORROW
The Michigan Association of Southern California will hold its annual picnic at the University of California today, September 16, according to announcement made by Dr. M. H. Parmelee, president of the association. All former residents of Michigan are invited.

WILL LOOK INTO TRIAL OF BOY

Thirteen-Year-old Negro Lad
Sentenced to Death
for Murder

(BY A. P. NIGHT WIRE.)
OKLAHOMA CITY (Okla.) Sept. 15.—Investigation to determine if all steps were regular in the conviction of Elias Ridge, 13-year-old negro boy sentenced to death yesterday for the killing of Mrs. George Adair, near Pensacola, a month ago, will be started immediately, W. D. Matthews, state commissioner of convictions and charities announced last night.

Ridge is the youngest person to receive the death penalty in Oklahoma.

been saved by an extraordinary chance, though the whole building was reduced to ashes. All convicts are destroyed, but most of the Americans escape.

After checking the roll of American citizens it is found that every American in Smyrna was saved. The teaching staff of the Paradise College left before the blaze became serious. The teaching staff of the Constantinople Institute, together with all the students, boarded the ship Winona, which is now at Athens. Business men and relief workers who remained in the city are being evacuated by the destroyer Edsall.

The destroyer Edsall left early yesterday for Saloniki with 400 British troops in addition to the American troops sent to the city.

Preparations are being made by the British to send reinforcements into the neutral zones.

and military and naval organizations on the ground that can be put to work at once.

"We are not in any commitments, department desires you in consultation with your Allied colleagues and their military and naval organizations to make a plan and submit immediately a joint and comprehensive plan for Smyrna emergency."

A dispatch to the State Department from the report of the arrival at Piraeus of the United States destroyer Simpson, with 150 Americans aboard, September 13, with George Horton, Consul-General at Smyrna and 150 Americans, was received here today.

Consul-General Horton reported that they arrived at Athens yesterday afternoon and he arranged for temporary quarters for the contingent on board an empty ship.

The Americans included both natives-born and naturalized subjects, and among them were some of their dependent relatives.

Aside from this dispatch from Athens, the only news received without advice bearing upon the situation in Smyrna.

Thus far communication facilities between Washington and Smyrna are being maintained, but there is no reason to fear the service will not continue. Dispatches telling of the burning of Smyrna were received here at 1 o'clock yesterday afternoon by Capt. Hepburn in Smyrna reached here at 10:30.

They were sent from Smyrna by wireless to Admiral Bristol at Constantinople and we replied by about 10:30.

WARNS EUROPE OF "HOLY WAR"

"Must Quit Constantinople,"
Declares Townshend

Hero of Kut Hurrying to
Meet Lloyd George

(Continued from First Page)

Gen. Townshend is convinced that unless Constantinople and Adrianople are restored to the Turks the whole of Asia will be a scene of chaos.

When he recently went to Ankara he was convinced that by so doing he might help on Greek-Turkish peace. He had long talks with Mustafa Kemal and his friends and came back with Kemal's peace terms in his pocket as well as information regarding the general temper of Islam and the consequences of a military occupation of Constantinople.

TO OFFER SERVICES
Since then he has corresponded with Lloyd George and forwarded him a long list of proposals. He received the Premier's thanks. Gen. Townshend is returning to London Tuesday.

He is expected to see Lloyd George personally and to offer his services as a negotiator for the settlement of an extremely grave problem in the East.

However, the proposals are decidedly in a minority and the biggest handicap in the country of individual capable of carrying out his plan.

The common-sense attitude of Townshend himself has had much to do with allaying the panic of disappointment, discontent and even apprehension. He continues to make plain his attitude of demanding real efficiency in government and is reiterating his proposal of a new constitution.

SEEMLY SPEAKERSHIP

Mr. Rosenhouse, who bravely estimated an overwhelming majority for Gov. Stephens.

But those who are friends alike of Mr. Merriam and Mr. Rosenhouse are inclined to agree with Mr. Rosenhouse that Southern California should have the speakership and that Mr. Merriam is the best man for the job.

Mr. Merriam, secretary of the Senate, will not be strongly supported for re-election when the Senate convenes next January, but there is ground for believing that Jerome Kavanaugh, clerk of the Senate, may again be asked to serve in the lower house.

BELOUG TO TURKS
"Constantinople and Adrianople are Turkish by right. It would be folly to give the whole of Thrace and I believe that with reasonable negotiations Kemal will finally accept the old frontier of Adrianople and the Maritsa."

"The chief thing that we have to get out. You can't make Constantinople into a Gibraltar or a Malta. You can't make it a base for the occupation of the straits by the Allies and the governorship of a neutral."

"I think that there would not be much difficulty in obtaining the freedom of the Bosphorus as some natural measure of military guarantees. Thus the objects of the project of Mohammedan republic would be achieved. We have either got to get out or make up our minds to accept a long period of actual warfare and of an increase of unrest and upheaval in every country inhabited by Moslems. The prospect of Mohammedan republic being installed on the golden horn is pleasing to the golden horn, but it is not a material thing."

"Kemal suspects the Sultan of having been rather too much under the influence of the Allies and will, when we get out or are pushed out, see to his removal. Although the Sultan is a weak man, advanced political ideas hold sway in Mohammedanism throughout the world is too dependent upon the idea of personal power for any attempt to be made to deprive the Sultan of power. What is more likely is that a member of the present Sultan's family would be chosen to succeed him."

**Salvation Army
Has No Day Set
for Withdrawal**

(BY CABLE—EXCLUSIVE DISPATCH.)
LONDON, Sept. 15.—No date has been fixed for Evangelist Booth's withdrawal from the command of the Salvation Army in the United States, according to an announcement made here today.

The farewell of Commander Evangelist Booth from the leadership of the United States has been under consideration for a number of years, says a statement from Salvation Army headquarters.

"In the ordinary course it would have taken place several years ago. The war, however, made that change as it did others impossible. No date as yet has been fixed for the commander's farewell."

PLATFORM HAS ECONOMY PLANK

(Continued from First Page)

Mr. Young is said to have been very active in an attempt to obtain the convention chairmanship and to block introduction of the proposed economy resolution.

During the primary campaign he toured the State defending the Stephens regime and denying charges of the Richardson forces that the State government was incompetent and extravagant. His nomination appears to have been brought about largely through a combination with the Johnson machine and through failure of the voters to connect the Lieutenant Governor with responsibility for conditions at Sacramento.

Richardson supporters are inclined to resent the attempts of Mr. Young to "save his face" by modifying the party's economy stand and are prepared to watch his maneuvers with deep suspicion.

"The party is bound to stand by the issue of economy," said Mr. Richardson today. "Because the majority of the party has gone on record as endorsing that issue. The economy resolution is a soundly and cordially and the details of obtaining economy will be worked out later."

A few of the irreconcilable machine faction are predicting a reactionary regime under Richardson, and this typical machine propaganda is being answered by the State Treasurer's adherence to the assurance that whereas Mr. Stephens practiced extravagance in the name of progress, Mr. Richardson will practice progress in the name of economy.

However, the proposals are decidedly in a minority and the biggest handicap in the country of individual capable of carrying out his plan.

The common-sense attitude of Townshend himself has had much to do with allaying the panic of disappointment, discontent and even apprehension. He continues to make plain his attitude of demanding real efficiency in government and is reiterating his proposal of a new constitution.

NEW YORK DAY BY DAY
*Happenings of Moment Among Persons Who Go and
 Come or Live in Nation's Metropolis*
 BY **RAYMOND C. CARROLL**

NEW YORK, Sept. 15.—That clothes make the man is the contention of the 3000 delegates this week attending the convention of the National Association of Retail Clothiers at Madison Square Garden, the largest of its kind ever held. Ralph Hearst for the Democrats and New York City receives 41 per cent of the subnational nomination this year.

cent of total manufactured men's clothing, including shirts, 50 per cent of men's furnishing goods, 25 per cent of hats and caps, 16 per cent of hosiery, 18 per cent of suspenders.

A fashion promenade nightly at the garden is the big lure, as many

of the models are motion-picture actors and actresses. The garden itself is decorated from floor to roof, the prevailing tone being pale blue. All of the booths with their exhibits are under the electric glow of thousands of softly colored lights.

"Well I am glad they have had the crumb," said one Rose Winkler, failing to see some of the things J. Conners of Erie county, Charles C. Murphy, Tammany leader, however, felt the State was weak New York City where the vote grew. Sending for Edwin Ballou of Long Island, State committee man, who was slightly deaf, I

"We have spread before us here 'the American civilian uniform,'" he continued. "Until these retailers put style into clothes and

turned out in millions \$17.50 double-breasted suits that looked just like the \$100 Fifth-avenue tailored clothes. The suits were made in the Ninth avenue and east of Third avenue were afraid to walk in Broadway, Fifth avenue, Park avenue and the other tony thoroughfares of the big town. Wearing

clothes that are different at first glance than the best custom made garments, newcomers to America have simply spilled all over the place, and after dark their \$50 tunados cannot be told from the \$10000000 tunados wearing three and four times that sum.

The veteran policeman had in-

seed, made a discovery. The more one thinks of it, the more clear becomes that which is happening daily and nightly in the restaurants and on the sidewalks of New York. Those about us are Americans on the outside, and as fast as they can master the new language they are

Germany Authorizes Krupp and Street Car Companies to Print Their Own Money

BY RICHARD SPILLANE
(EXCLUSIVE DISPATCH)
(Copyright, 1932, Public Ledger.)

PHILADELPHIA, Sept. 15.—With the approval of the German government the Krupp and the street car companies are to issue their own private money. The first issue is to be of 400,000,000 marks. With the sanction of the government various of the street car companies are issuing their own money. Soon we may expect many of the large industrial co-operation and merchandising houses to be doing likewise. What the government permits to one it cannot, in justice, deny to another. Out of it all must come a confusion of currencies that, temporarily, may seem to be a benefit to the government, but inevitably, must bring ruin.

There is nothing new in what Germany is doing. To a minor degree we had it in this country during the Revolutionary War and for some years later. Not until Alexander Hamilton brought order and system into the finances of the young republic did the nation begin to recover from the demoralization into which it had sunk.

The action of the German government can be considered only as one of utter recklessness or despair.

What the German officials probably see as a temporary benefit through the floating of private money is a lessening of demand for the government marks which have been flowing from the printing presses lately at the rate of more than a billion a day. But this can be temporary only.

The Krupp mark is likely to be combined in its circulation almost wholly to Essen and the other cities in which the Krupp have plants just as the paper money of the street car companies is current only in the cities in which the companies operate.

Just what is back of the street car money is hard to determine. From the most reliable reports practically all these corporations are hopelessly bankrupt and are sustained only by such poor assistance as the municipal governments, themselves distressed, are able to give.

And yet these street car companies have authority to issue money or paper money. One virtue possessed by that money is that it is good for street car fare.

The real money in Germany today is that of foreign countries, Great Britain and the United States. Particularly, more and more the prudent German manufacturer or merchant is basing his prices on those of money and seeking to receive them in them.

That has something of a stabilizing influence but it measures small against the mountainous savings of paper money. On September 9 aggregated \$51,788,991,000 and has been increasing recently at the rate of about 10,000,000,000.

One thing proved in the last four years is that the Germans come honestly by their reputation for stolidity. No other great people have known such wildness in their money and have gone along with it and steady as the clock.

How conducted their business, domestic and foreign, through it all adjusting themselves as best they could to the new conditions.

But they have come near to the breaking point, it would seem. The Krupp mark is likely to be combined in its circulation almost wholly to Essen and the other cities in which the Krupp have plants just as the paper money of the street car companies is current only in the cities in which the companies operate.

WHAT'S BEHIND ACTIVE STOCKS

International Nickel—17 3-4
The International Nickel Company, originally incorporated in March, 1902, was consolidated with the Colonial Nickel Company in September, 1912. It has no funded debt but has outstanding \$41,834,600 common stock and \$8,152,600 noncumulative preferred.

Property account as of March 31, 1932, less reserves for depreciation and depletion, was valued at \$49,761,951. Real estate, mortgages and sundry securities were carried at \$558,455. Current assets, including \$9,400,593 of inventories, amounted to \$12,131,412 and current liabilities totaled \$22,499, leaving a net working capital at the close of the fiscal year of \$11,308,913. The profit and loss surplus was \$10,015,540.

On March 31 the net assets applicable to the common stock amounted to \$51,850,440 or the equivalent of \$30.99 per share of \$32 par value. Allowing for the fact that in the 1931 fiscal year there was a deficit before dividends of \$797,747 earnings on the common stock for the past ten years have averaged 14.48 per cent. Operating income last year amounted to only \$373,086 compared with \$4,059,607 the preceding year.

For the quarter ended June 30, the company had a deficit after preferred dividends of \$193,264, compared with a surplus for the corresponding period of 1931 amounting to \$45,713. The last dividend payment on the common stock was made in 1931.

The regular 5 per cent rate is being maintained on the preferred. Range of present \$32 par common stock: high, 66 3-4 in 1914; low, 11 1-8 in 1929; yesterday's close, 17 3-4.

For the quarter ended June 30, the company had a deficit after preferred dividends of \$193,264, compared with a surplus for the corresponding period of 1931 amounting to \$45,713. The last dividend payment on the common stock was made in 1931.

FLOUR MILLS GREAT MERGER

New Company to Dominate Coast Milling

Combined Assets Exceed \$30,000,000

Business and Financial Review of Day

Negotiations by the Sperry Flour Company for the purchase of the properties of the Portland Flouring Mills Company which have been pending for some time were completed yesterday. The Sperry Flour Company, which will take over the operations of the Portland Flouring Mills Company, today. This is the largest transaction in the history of the flour-milling business on the Pacific Coast. The Sperry Flour Company is the largest milling company west of the Mississippi River, and the Portland Flouring Mills Company is the second largest company.

The company will have a combined milling capacity of 27,000 barrels per day and will extend its milling operations throughout the Pacific Coast, securing a dominant position in the flour-milling business of the Pacific Coast. The Sperry Flour Company was incorporated in 1932, and represents an amalgamation of businesses, some of which were established as early as 1853. The company's plants and properties are located in Stockton, Vallejo, Fresno, Los Angeles, Cal., Spokane, Creston and Tacoma, Wash., and Ogden, Utah.

The Portland Flouring Mills Company was incorporated in 1854 and is the largest flour manufacturer in the Northwest. It owns fourteen mills and over 100 warehouses and is situated in the heart of the wheat-growing region of Washington and Oregon.

It is understood that an agreement has been made between the directors and officers of the Sperry Flour Company and those controlling the bonds and stock of the Portland Flouring Mills Company for the exchange of \$3,000,000 par value Sperry Flour Company 7 per cent cumulative bonds for the outstanding bonds of the Portland Flouring Mills Company, on the basis of \$100 par value of new Sperry bonds for \$100 par value of old bonds.

The Sperry Flour Company will continue to be operated by its present organization, a new local concern which will conduct a general finance business, including automobile bond and mortgage financing, were announced yesterday. Bert G. Rivers, a Los Angeles banker, has been made general manager, with G. W. Franklin, local automobile dealer, as president. Earl B. Plummer is vice-president, E. D. Stacy, secretary-treasurer, and C. S. Chapman and J. W. Frawley will serve on the board of directors. The finance company is incorporated for \$3,750,000 and will raise part of its capital through sale of the public of gold notes and capital stock.

Organization plans of the First National Investment Corporation, a new local concern which will conduct a general finance business, including automobile bond and mortgage financing, were announced yesterday. Bert G. Rivers, a Los Angeles banker, has been made general manager, with G. W. Franklin, local automobile dealer, as president. Earl B. Plummer is vice-president, E. D. A Great Central Utility

Kansas City Power & Light Co.

Eventually the Kansas City Power & Light Company should supply practically all of the electric current used within a radius of 100 miles of Kansas City, Missouri.

This company controls the electric light and power business in Kansas City, Missouri, and sells electricity used in portions of 14 near-by counties in Missouri and Kansas. The total population of the territory served is approximately 575,000.

To supply the demands of this territory the company has increased its generating capacity since 1919 more than 250%.

On July 31, the balance sheet of this company showed total

tangible assets of approximately \$36,000,000 which, after deducting the total bonded debt, leaves a sum equal to \$150 per share for 100,000 shares of First Preferred Stock, Series "A."

For the year ended July 31, 1932, surplus earnings available for dividends were over 2 1/2 times the annual dividend requirements on 100,000 shares of this stock.

We are offering this Kansas City Power & Light Co. First Preferred Stock, Series "A," with Cumulative Dividends of \$7 per share per annum and preferred as to assets to the extent of \$100 per share and also as to dividends. Price 96 per share and accrued dividend to yield about 7.30%. Detailed information will be sent on request.

to Complaint of Counter-Suit, Says Commissioner

Talk Until Lawyer is Consulted

Mr. De Coe, Police Commissioner, today announced that he had received a letter from the attorney for the plaintiff in the case of the late William H. De Coe, who had been killed in a fight with a bootlegger.

Mr. De Coe's attorney, J. H. De Coe, had written to the Police Commissioner, asking that the case be dropped.

Mr. De Coe's attorney, J. H. De Coe, had written to the Police Commissioner, asking that the case be dropped.

MIGHTY SERIOUS BUSINESS THIS

Vandeville Born Puts Ban on Poking Fun at Hollywood

Hollywood is a serious matter. Anyway, as far as E. F. Albee, head of the Keith vaudeville circuit is concerned, it's in the same class with funerals, prohibition and other things people are not supposed to make jokes about.

Albee says so himself. "Performers on the Keith circuit will not be permitted to make jokes poking fun at the 'Hollywood motion-picture colony,'" says an order issued by the boss to all his theater managers, according to word from New York yesterday.

"Ain't that tough?" queried a puffblower who, when he heard it, was just dopping up a new wise crack about not having been shell-shocked in the late w. k. war because he came from Hollywood.

By a "Times" Staff Correspondent (Exclusive Dispatch)

LONG BEACH, Sept. 15.—Like the warring nations of the Balkans, Polytechnic high school in this city is never free from strife. With the smoke of battle that arose over the student body's ban on peon pants still hovering overhead another battle broke forth at the high school today. And this time it was among the girls.

A damsel with long, Titian tresses, about as securely as two braids that hung down to her waist, went home to mother this afternoon with her hair completely if not nearly bobbed as a result of alleged reflections which she is said to have cast upon several of her sister students.

"Nasty rappers," is the epithet, which, applied to some of the girl students, started the riot, it was said. A score or more of the damsel, resenting the use of the term, waylaid the long-haired maiden in one of the dressing rooms.

There was a scuffle, and the girl was sent home with her hair bobbed. The school authorities are now trying to settle the matter.

HART REFUTES WIFE'S STORY

Not Approached About Any Reconciliation, She Says

Star Denies Effort Made to Drop Cash Payment

Sorry if Visit to Baby Proved Irritating

William S. Hart, hero of Western photoplays, denied last night that his young wife, Mrs. Winifred Westover Hart, had ever negotiated for a reconciliation with him. His denial was contained in a statement given to The Times re- futing many statements and accusations which appeared in a published interview with her yesterday.

Mrs. Hart was quoted as saying that she had agreed to disregard the settlement which Mr. Hart had bestowed upon her and had offered to return to his home.

"I have never received any communication, verbal or written, from my wife, Mrs. Winifred Westover Hart, from the time of our separation up to the present moment," he stated emphatically at his home, 3241 De Longpre avenue. "And I have been living at the same address ever since the separation."

Mr. Hart was told that the home in which Mrs. Hart and her infant son were residing was reported to be the property of Mrs. Hart's mother.

Just as it happens, my money is paying for the flower-filled room and the home of her mother," he replied.

He was told that Mrs. Hart had spoken of him as an "old man." "My comment to the 'old man' is that this is the first time I have ever been called an old man and it is a rather new experience for me."

"Nor is Mrs. Hart the 20-year-old unapproachable girl she has said she is. The records in the County Clerk's office will show that she gave her age on the marriage certificate in December, 1921, at 25 years of age—not 20. And that was almost two years ago."

"She said she asked for me after the baby was born, and that I had given the sacred confidence of that meeting to the public."

"As I have said, I have not received any sort of a communication from her at any time since our separation. As for my visit to see the baby—is it unnatural for a father to want to know his child? I am not a saint, but I am a man."

"I am not a saint, but I am a man."

"I am not a saint, but I am a man."

"I am not a saint, but I am a man."

NAVY FLYER KILLED BY HIGH WIRE

Plane Forced Down by Engine Trouble Hits Line for Electric Current

Thrown violently to the ground when the plane which he was piloting struck a high tension wire, after he had attempted a forced landing, Ensign Jack H. Shafer of this city was almost instantly killed near La Jolla yesterday.

Ensign Shafer, in company with two other combat planes was making a flight from North Island to Ross Field at Arcadia, where he intended to visit his relatives.

While waiting for him to arrive, the family was notified of his death and some members of the family left last night by train for San Diego.

According to unofficial reports of the accident the engine of Shafer's plane failed when five miles north of La Jolla and his inability to effect a landing resulted in his death. Shafer was 34 years old and had been in the Navy about three years.

BATTLE TO SAVE WIFE STRENUOUS

Los Angeles Youth Arrested in Long Beach in Assorted Drug Case

By a "Times" Staff Correspondent (Exclusive Dispatch)

LONG BEACH, Sept. 15.—The startling story of a wealthy Los Angeles man's fight to cure his wife of the drug habit, and his bitter struggle to free her from the clutches of a man who has, it is charged, been supplying her with drugs for more than a year, came to light here today when a youth arrested in Long Beach yesterday while Mrs. Gregory will take his place in jail.

Mrs. Jennie Gregory, the wife, was sent back to Wilmington, care for the children and chickens. Los Angeles, the husband, was sentenced to serve nine months in jail. When the husband's term is ended, according to Judge Bay- tell's Justice, Gregory will take care of the children and chickens while Mrs. Gregory will take his place in jail.

The husband, whose name is being withheld by the police, sought the aid of local police last night after he had failed in his effort to spirit his wife away from Farraday's rooms in Los Angeles.

Learning that his plan to shield his wife had failed, the husband came to Long Beach last night, intent it was said, upon ministering a beating to Farraday. He was disarmed by friends, who urged him to lay the matter before the police.

Detectives William Hawes and Edward W. Barron apprehended Farraday in an alley in the rear of the woman's hiding place, it was said. The youth was driving through the alley in a large touring car. A coat he had been wearing a short time before his arrest was missing and a search has been started to find the missing garment in the belief that it contains a list of narcotics. A search of the files of the police department today on a charge of vagrancy and his case was carried over on the court docket until Monday for hearing. Local police say they have been informed that the youth was held by Constable Pilcher in the Newhall Jail. Later he was discovered he had sawed a bar and a lock and escaped, going to the hotel, where he said he feared the girl might not have had anything to eat. He was rearrested and is said to have admitted stealing the car and the theft of a second car.

LICENSE PLATES FOUND

The second arrest was not made until after Johnson had barricaded himself in an unoccupied room of the hotel and declined to come out. The Constable Pilcher and Holliday threatened to break down the door and take him, the youth came out.

FATHER THINKS ENEMIES HAVE STOLEN CHILD

Police were requested last night to search for Ellsworth Fottgiser, aged 14 years, who mysteriously disappeared from his home at 1513 1/2 West Pico street July 18 last and whom his father, believes business enemies have made way with.

According to Police Officer Stow- ell of the Winslow Police Station, Mr. Fottgiser stated that he wanted to believe that his business enemies were the cause of his son's disappearance because of threatening letters he said he received July 18 last, eleven days before the lad disappeared.

WRONG MAN IS KILLED IN RUM FIGHT

Police Say Cabinetmaker Resembling Gangster Shot by Bootlegger

"Bootleggers' justice" that went astray cost the life of Reinald Schwarz, the 49-year-old cabinetmaker, of 1033 Santee street, who was shot to death last Monday night, assert detectives who yesterday lodged a suspicion-of-murder charge against a man in the City Jail. A woman is held as a material witness.

The bullet that killed Schwarz was meant for a member of a bootlegging gang, who had double-crossed his fellows, the police assert.

Louis J. Staska, aged 32 years, and Mrs. Patricia Tighe, aged 24 years, both living at 1130 West Seventh street, are the two being held in connection with the slaying.

Staska, according to Detective Sergeant St. Louis, Longue- van and Davis of the homicide squad, is a member of a bootlegging ring that had set out to "get" one of its members who had been marked for death as a result of his playing traitor. Schwarz's sole fault was that he resembled the marked man, and in the dark of Monday night, mistaken for the intended victim, he was shot down without a chance, the officers said.

Staska and the woman were arrested at different times, the former at hotel at Ninth and Main streets, and the woman at the address given above.

Children and Chickens Touch Judge's Heart

A man and his wife were found guilty yesterday of possessing and selling liquor, but U. S. District Judge Sawtelle's heart was softened when he learned that several children and a flock of chickens constituted the rest of the family.

Children and chickens both required care, which the judge concluded, would not be available if he sent both the guilty ones to jail. He had heard of split hairs so he split the sentence.

Mrs. Jennie Gregory, the wife, was sent back to Wilmington, care for the children and chickens. Los Angeles, the husband, was sentenced to serve nine months in jail. When the husband's term is ended, according to Judge Bay- tell's Justice, Gregory will take care of the children and chickens while Mrs. Gregory will take his place in jail.

The husband, whose name is being withheld by the police, sought the aid of local police last night after he had failed in his effort to spirit his wife away from Farraday's rooms in Los Angeles.

Learning that his plan to shield his wife had failed, the husband came to Long Beach last night, intent it was said, upon ministering a beating to Farraday. He was disarmed by friends, who urged him to lay the matter before the police.

Detectives William Hawes and Edward W. Barron apprehended Farraday in an alley in the rear of the woman's hiding place, it was said. The youth was driving through the alley in a large touring car. A coat he had been wearing a short time before his arrest was missing and a search has been started to find the missing garment in the belief that it contains a list of narcotics. A search of the files of the police department today on a charge of vagrancy and his case was carried over on the court docket until Monday for hearing. Local police say they have been informed that the youth was held by Constable Pilcher in the Newhall Jail. Later he was discovered he had sawed a bar and a lock and escaped, going to the hotel, where he said he feared the girl might not have had anything to eat. He was rearrested and is said to have admitted stealing the car and the theft of a second car.

LICENSE PLATES FOUND

The second arrest was not made until after Johnson had barricaded himself in an unoccupied room of the hotel and declined to come out. The Constable Pilcher and Holliday threatened to break down the door and take him, the youth came out.

The officers asserted that in the car they found three pairs of extra license plates and three sets of registration tags. The license plates of the car used by the youth had been altered, it was stated. Other articles found in the car included a camping outfit, golf clubs and an expensive auto robe. Complaint charging Johnson with grand larceny was issued by Dep. Dist. Atty. Elphinstone. The youth was lodged in the County Jail to await a hearing.

FLEET SAILORS ARE WELCOMED

Harbor Sets Aside Business Cares for Day

"Horrible Parade" is Feature of Interest

Los Angeles Harbor set aside the cares of business yesterday to show 12,000 men of the Pacific Fleet just back from the home port. The feeling was reciprocated, 100 per cent, by the whole-hearted spirit in which the throngs of sailormen joined in the festivities.

It was all fun, from start to finish. To those who are accustomed to the pomp and ceremony of formal welcome, something may have been missing. But no one could find a job at midnight who wasn't willing to tell the world that it was the best party he had seen in months.

The ninety-two "masks" of the local Spanish War veterans, with Sheriff Bill Traeger directing the course of the huge reptile, was the popular unit of the mile-long "horrible parade," participated in by more than fifty local and port organizations who entered boats.

ADMIRAL REVIEWS PARADE

Admiral Edward W. Eberle reviewed the procession from the deck of the battleship Oregon, following the reception to himself and his officers at the harbor Elks' Club, and expressed his admiration of the excellent performance of the combined Los Angeles Police and Firemen's Band.

Food and drink, always uppermost in the mind of an honest-to-goodness American sailorman, were distributed in generous quantities. The thousands of gallons of Coca-Cola, transported in a huge oil tank, followed the parade and the cooling liquid was given to everyone along the route with a thirst.

FORM FOR CROW

At 4 p. m. the robe formed in a mile-long line along Seventh and Paces streets for the real home-coming parade. The line was at the intersection of the two thoroughfares. There were second and third helpings for every hungry man.

The block dance, held under a canopy of multi-colored lights on Seventh street, closed the parade. The program but in addition there were other functions for both officers and men. The Chief Petty Officer of the ship threw open its doors for the C. P. O.'s of the fleet and at 8 p. m. every theater in town was turned over to the music of the dreadnaught.

More than 40,000 persons were estimated to have been in town from all over the Southland for the celebration.

JAIL TURNS OVER SMUGGLED BINDLES

Nine packages, containing fifteen bindles of morphine and cocaine, were turned over to Inspector Peoples of the State Board of Pharmacy yesterday by Jailer Cronin of the County Jail. The illicit drugs were an accumulation of packages found in various places about the jail and stopped while attempts were being made to smuggle them in to prisoners.

CAR, ELOPEMENT WRECKED

Young Lochinvar Had Stolen Iron Steed, Police Assert; Girl Injured, Lad Jailed

The car in which Lawrence Johnson, aged 19 years, of 429 East Sixty-fourth street, and Miss Agnes Anderson, 17 years old, of East Sixty-fifth street, had planned to elope lay in a ditch near San Fernando yesterday; the young woman, who was seriously injured, was in a San Fernando hotel, while the groom-to-be landed in the County Jail.

From the time that young Johnson drove up to the young girl's home on Thursday and proposed that they elope to San Francisco and be married there began to happen in rapid succession.

CAR IS WRECKED

While the two were gliding along the road near San Fernando, Johnson, who was driving, stooped to get a pair of goggles. When he looked up he was going over an embankment. The car was wrecked. Subsequent investigation showed it had been stolen from Mrs. A. E. Dorman, 321 North Oak avenue, Pasadena.

The girl was taken to a hotel in San Fernando by passers-by and the youth was held by Constable Pilcher in the Newhall Jail. Later he was discovered he had sawed a bar and a lock and escaped, going to the hotel, where he said he feared the girl might not have had anything to eat. He was rearrested and is said to have admitted stealing the car and the theft of a second car.

LICENSE PLATES FOUND

The second arrest was not made until after Johnson had barricaded himself in an unoccupied room of the hotel and declined to come out. The Constable Pilcher and Holliday threatened to break down the door and take him, the youth came out.

The officers asserted that in the car they found three pairs of extra license plates and three sets of registration tags. The license plates of the car used by the youth had been altered, it was stated. Other articles found in the car included a camping outfit, golf clubs and an expensive auto robe. Complaint charging Johnson with grand larceny was issued by Dep. Dist. Atty. Elphinstone. The youth was lodged in the County Jail to await a hearing.

PREFERRED WORK

Husband Says Wife Refused to Keep House for Him

In the opinion of Mrs. Gladys Weller, "no man was worth keeping house for" and so she went to work, a complaint for divorce filed yesterday by Harry Weller said.

Mrs. Weller announced that she would much rather work in a store, housework during a period when the husband was sick, it is charged by the wife, than to come in and clean things up.

Two Miles a Day In Your Kitchen!

Do you know that the average woman walks over two miles a day in her kitchen? In just any ordinary day, through the ordinary routine of preparing three meals. But every woman could avoid all that unnecessary drudgery if her kitchen were properly equipped.

Every kitchen **SHOULD** have a Hoosier Cabinet!

The Hoosier concentrates your work in a compact spot, it is equipped with the most modern labor-saving conveniences. It enables you to work seated—at your ease. It saves miles of steps and hours of time each day. Your kitchen work is done almost before you know it.

Two million women now use the Hoosier. Their kitchens are better equipped than the average—their work is less tiring.

Equip your kitchen with a Hoosier today.

KHJ RADIOS FASHION HINTS

"Times" Club Editor Tells
Style Edicts

Tex Rogers Sings Basso
Numbers at Noon

Mormon Tabernacle Soloist
on Night Bill

Fashion hints, song and music made up the two-period program from KHJ yesterday. Myra Nye, club editor of The Times, gave a brief talk on fashions as they concern men and women and her remarks were pointed and interesting. She discussed everything from "fashions" to bobbed hair and declared that brown permeates everything for men the coming season, is necessary, in fact, except the "dark brown" taste in the mouth. Since the space devoted to radio is limited, no attempt will be made to go into details, but those who heard the address realized that the speaker was qualified to handle the subject.

Tex Rogers, basso, accompanied by Gertrude Champlain, teacher of piano and accompanist of known reputation, sang three excellent songs. Mr. Rogers has a wonderfully deep and resonant voice which registers well over radio and he used it to advantage yesterday afternoon. His numbers were "Beautiful Ship From Toyland," from "Firefly," by Hauerbach, "O'er the Billows Sea," by Earl Smith, and "When the Bell in the Lighthouse Rings," by Lamb. In the latter the parts in the song calling for the ding-dong of the bell were made more realistic by a bell accompaniment.

Irene Evel, pianist, gave three interesting and expressive piano solos during the afternoon concert. Her first number was "Polichinelle," by Rachmaninoff. This was followed by "Valse Chromatique," by Godard, and she closed the program with an interpretation of sextet from "Lucia," by Lasciatisky, all of which was played with the left hand only.

Two artists gave the entire evening concert. Fred C. Graham of Salt Lake City and Hildred Hanson Hostetter, of Los Angeles. Mr. Graham has appeared in opera for a number of years and accompanied the Salt Lake City Mormon Tabernacle choir on several of its country-wide tours, among the cities visited being Sacramento and New York. He is one of the musical managers of Salt Lake and as such brings many concert artists to the Mormon city.

Accompanied by Alma B. Terry of the Sherman Music School of Chicago, Los Angeles branch, who played all accompaniments of the evening, Mr. Graham sang three excellent numbers: "Cupid Has Found My Heart," from the "Yankee Consul," by Robyn, "Faith," by MacDermid, and "Your Hair," by Thompson.

Hildred Hanson Hostetter, soprano, sang seven numbers, a group of three negro spirituals, Puccini's "Vide d'Arta," and another group of three sparkling numbers which were "Pierrot," by Dagmar Rubner, "The Fairy Piper," by Brewer, and "The Dancer," by Chadwick. The three negro spirituals were "Way Down South," by Homer, "The Little Damsel," by Horvath, and "A Birchbark," by R. Huntington Woodman. Mrs. Hostetter has a clear, purely intoned soprano, which has been heard numerous times from KHJ and in local concert work.

Occasionally we hear reports that honey-comb coils are not particularly good for long-distance short wave reception, yet here is a case where honey-combs are doing the work and bringing in the DX in fine style. Mr. and Mrs. O. F. Lundell, 445 1/2 Burns avenue, are both advocates of honey-combs, claim all sorts of wonders when using them. Mr. and Mrs. Lundell have heard the following radio stations using a thirty-five turn coil as primary, a fifty-turn coil as secondary, and a seventy-five turn coil as tertiary: KTN and KDXI of Salt Lake City; KYG of Portland; KJLZ and KFC of Denver; KDN, San Francisco and KFC, Seattle.

"Radio in its pioneering days is developing a new crop of doubting Thomases," says Radio Merchandising, a trade paper calling attention to the doubting Thomases who ridiculed the steamboat, the automobile, the airplane and the phonograph in former days. Radio Merchandising goes on to say: "Radio communication is advancing civilization, is rendering a constructive service to mankind and, therefore, it has a permanent and ever-expanding place in the industrial fabric of the country."

**MULES BUSY AT LAST
IN IMPERIAL VALLEY**

(EXCLUSIVE DISPATCH.)
BRAWLEY, Sept. 15.—Mules in Imperial Valley are all busy at last, according to the reports of mule dealers in the north end of the valley.

Hundreds that were for rent during the first part of the year are now pulling various farm implements in the hurried efforts of farmers to prepare their lands for the planting of the lettuce and barley crops.

Caterpillar tractors that have lumbered peacefully in their sheds while the mules have been in the pastures, are now to be heard putting across fields and seen drawing great strings of plows.

Carmencita Iris in Spanish Program

To Celebrate Mexican Independence Day

K-H-J The Times

Operating by G.R. Kierulff & Co.

TODAY'S PROGRAM

From 6:00 to 7:00 p.m.
Mexican Independence Day program arranged, through courtesy of Carmencita Iris, dramatic soprano, who, accompanied by Felix Loera, pianist, will sing: "Balada a Mexico," "Todo Paso," by De Ponce, "Adios," by Carrasco, "Himno Nacional Mexicano," "Lolita," by Buzi-Pocia, "Valverde," "El Bazo," by Ardit, Manuel Haro y F., dramatic reader, will recite a Mexican poem written by his brother, Augustin Haro y F., editor of La Prensa.

Felix Loera, pianist, will play: "Aires Nacionales." Bedtime story and news items.

Husband Would Forget Duties; Court Says No

Paul J. Davis argued that both he and his wife were young and could forget. The law, however, decided that it wouldn't do to forget and to insure the husband's remembering that he was married Judge Monroe yesterday ordered the young man to pay Mrs. Davis \$50 a month.

According to the testimony adduced before the court, Davis wrote his wife that "we can forget and start all over again." Judge Monroe, however, held that the desire for marriage should continue after the honeymoon and ordered the husband to support his wife.

Davis wrote in another letter, it developed, that "it was my honest intention to return as I said I would, but I can now realize that we can never get along together." He said that he wanted to go to business college and complete his education so that he could earn more money, but Judge Monroe contended that while education was necessary marital duties came first.

The money is to be paid for one year on a separate maintenance decree.

NEW TEACHER ARRIVES

(EXCLUSIVE DISPATCH.)
EL CENTRO, Sept. 15.—Miss Orpha A. Miller, a Los Angeles school-teacher, has arrived in El Centro to take up her duties as home demonstration agent of Imperial county. The program to be followed this year in the farm centers will be interior decorating and home furnishing. Miss Miller comes well qualified to hold her office with the Farm Bureau here. She is a graduate of the University of Indiana and has taken post-graduate work at Purdue University and the University of Southern California. For the last three years she has been a teacher of home economics in the Los Angeles schools.

OIL WELL LESSEES FAVORED

Ruling Provides Income
Tax Deductions Not Limited
to Flow Cut

The lessees of oil and gas wells won a victory in a ruling received yesterday by Collector Goodrich.

It holds that the revenue act must not be construed to limit income tax deductions for the actual reduction in flow and production to fee owners, but must be construed to allow the deduction to the taxpayer who sustains the loss, whether lessors, lessees or both.

The decision places lessees of oil wells on the same footing with the owners of the land leased so far as deductions for income purposes are concerned.

Two principles governing the usual types of oil and gas leases are to be deducted from the ruling: First, there is no absolute ownership of oil and gas in place; second, under the customary lease the interests of the lessee in oil and gas is substantially the interest which his lessor previously had therein.

While the owner of the surface does not own the oil or gas beneath it, but only the right to extract, in most oil and gas leases the owner grants the lease with all of his interest in oil and gas in return for rent or royalty. These principles do not apply to solid minerals which do not migrate.

OFFICERS TO REPORT BY LETTER

Are Assigned to Duty
With the Coast Artillery
Reserve Corps

Fifteen officers of the Coast Artillery Reserve Corps of Los Angeles and vicinity have been ordered to report by letter here to the executive officer of the Coast artillery section, organized reserves of Southern California, 625 Baker-Dewitt Building, for instructions regarding assignments to Coast companies made yesterday by Major Morton through Chief of Staff, T. R. Hallbrook, Ninth Corps Area, San Francisco.

The Los Angeles men with their respective assignments in the Coast artillery companies are as follows:

Capt. Leonidas Whitehead, Stanley, 403 Title Insurance Building; First Lieut. Edward Walter Foray, 1307 Citizens National Bank Building, and Second Lieut. Roger H. Savva, 411 Security Building, to the Eight Hundred and Sixty-third Company; Second Lieut. William J. Mieding, 2237 South Bronson avenue, to the Eight Hundred and Sixty-fourth Company; First Lieut. Charles J. Estep, 1201 Van Nuys Building, to Eight Hundred and Sixty-fifth Company; First Lieut. James C. Morin, 6424 Pasadena avenue, and Second Lieut. Harold E. Dryden, Pacific Telegraph and Telephone Company, 919 Consolidated Realty Building, to the Eight Hundred and Seventy-first Company; Second Lieut. Gerald M. Weller, 771 South Vermont avenue, to Eight Hundred and Sixty-first Company.

Other men assigned to companies were: Second Lieut. Jackson W. Kendall, Postoffice Box 599, Pasadena, to Eight Hundred and Sixty-second Company; First Lieut. John Borda, Windermere Hotel, Santa Monica, to Eight Hundred and Sixty-third Company; First Lieut. Stanley E. Parker, 697 Twenty-first street, Huntington Beach, to Eight Hundred and Sixty-third Company; Capt. Ralph A. Dentmore, Duarte; First Lieut. Charles Gorham, Box 151-C, Rural Free Delivery No. 7, Gardena, and Second Lieut. Max M. Sanborn, Postoffice Box 121, Whittier, to the Eight Hundred and Seventieth Company.

**TELEGRAPH COMPANY
ASKS TO LAY TUBES**

The Western Union Telegraph Company yesterday applied to the city for a twenty-one-year franchise for the operation of an underground compressed air tube system under the downtown streets in order to distribute messages between its various offices. This system is already in existence, but when the company started to dig up the streets to lay additional tubes, the city halted the work until the company should take out a franchise for the air tube system. The company had believed that the general law under which it operated permitted the operation of a compressed air tube system, but the city's action has caused the company to agree to take out a franchise.

Auto Crashes Onto Sidewalk, Hurting Three

By a "Times" Staff Correspondent
(EXCLUSIVE DISPATCH.)
PASADENA, Sept. 15.—One woman was seriously injured and two other persons were hurt when an automobile climbed the curb at Marango avenue and Colorado street, broke down a letter box and came to a pause in the doorway of the Citizens Savings Bank today.

Mrs. A. W. Crawford, 67 years old, of 717 North Catalina avenue, was in the automobile when it was at Pasadena Hospital, following an operation. He leaves a widow and one son. He was 56 years old, a native of New England, and lived in Pasadena 35 years.

Curious Chinese "Copy Book"
A curious kind of copy book is used by Chinese children. The book is a small, rectangular, yellowish paper, and is covered with a grid of small squares. Each square contains a single Chinese character, and the book is used by children to learn to write by copying the characters from the grid.

Over this copy is placed tracing paper and the character is drawn as accurately as possible. The books are written in black and corrected in red ink by the schoolmasters.—Exchange.

CLERK IS BANKRUPT
W. W. Turney, a clerk of this city, filed a petition in bankruptcy in the United States District Court, giving his liabilities as \$1069.12, and his assets as nothing.

Armstrong Linoleum

for Every Floor in the Home

How Linoleum makes the floor a part of the room

THERE are many things about a linoleum floor that you are sure like. In linoleum you can get designs and colorings that will coordinate with the color scheme you have in mind.

In addition, a linoleum floor is the easiest of all floors to clean. It needs no refinishing, never requires occasional waxing and polishing and is looking new.

This modern linoleum properly laid is a permanent floor. Proper means cementing the linoleum to the lining of builders' desecrating linoleum is glued to the bare floor boards. This makes a waterproof floor, free from unsightly cracks.

Our booklet, "Decorative Linoleum Floors," contains twenty-four color plates, showing Armstrong's Linoleum in many patterns that you can use at good stores—Japans, carpet stores, parquetry inside, inset tiles, pattern designs. This booklet will be sent you on request.

Any good furniture or department store will give you estimates of the cost of linoleum floors properly laid in your home. Good laying is worth the cost because it means longer wear.

Armstrong's Linoleum

For people who live in apartments or who have houses on short leases and who do not wish to install permanent linoleum floors, Armstrong's Linoleum is also made in the form of bordered mats. Thirty attractive patterns in four sizes from 6 x 9 feet to 9 x 12 feet.

ARMSTRONG CORP. COMPANY, LINCOLN, MASS.

This wonderful offer is made by the F. A. Clarke Co., Goodhouse-keeping Shop, Inc. You may not know their store as yet, but the New Method has range. This will be welcome news to many who are acquainted with the superior merits of this range. Just think, it possesses twenty big over other makes which cannot be enumerated here, sufficient to say that from the standpoint of economy, convenience and actual pleasure in using, the New Method is without peer. You just must see it demonstrated. I have been told that the first three women visiting 713 S. Broadway, 1200 W. 8th and 6316 Hollywood Blvd., will be given attractive reduction on the purchase of any electrical article over fifty dollars.

You will adore Betty Bolton caramels, because they are made of whipping cream and pure cane sugar you know. Betty Bolton candy has made Hollywood doubly famous.

Eggless Mayonnaise
Two tablespoons evaporated milk, one-half cup oil, one tablespoon vinegar or lemon juice, one-half teaspoon salt, one-fourth teaspoon paprika. Mix salt and paprika in a bowl, add evaporated milk and mix well. Add the oil slowly, beating constantly until all the oil is used, then add the vinegar or lemon juice.

No longer do women with large family washes fear a laundry or have any doubts about the clothes being given proper care. That is, if she uses the Crown Laundry for this splendid company has certainly proved in a convincing way to their patrons that from the time trustworthy, reliable drivers call for the bundle of clothes until they are returned, remarkable care is given both in washing and ironing each garment and piece. A close inspection will prove this fact. Be free to do pleasant work by sending every bit of your washing to the Crown today if possible. Call So. 945 NOW.

Sauce Vinaigrette
One cup French dressing, one teaspoon grated onion, one teaspoon chopped parsley, one chopped anchovy, one teaspoon chopped capers, one teaspoon chopped green pepper. Mix all ingredients together and serve.

Hot weather holds no terrors for those lucky enough to have on hand a bountiful supply of that "best of all" home-brewed beverage made with Cream-O-Malt. Daily sales at the Cies Koe Coffee Co., 318 W. 8th St., show there are lots of wise people who have at last become awakened to the great possibilities of Cream-O-Malt. You are sure to like it after once using it, so why not step in today for a package and get full directions for using it at the same time.

For greasing baking pans the butter should be melted and only the clear oil used. It is the salty sediment in the butter which sometimes causes the cake to stick.

Just a week after Thompson Adjustable Sprinkler Heads are installed in your lawn you will see your grass take on that marvelous green look which is your fondest dream. You dared not hope to see it, and, besides, just think of the time, money and labor saved—the trouble you eliminate by using these very fine sprinkler heads. It can be easily seen that the proved cost of 5 cents a day more than repays for the expense of installing. All first-class hardware dealers sell Thompson Sprinkler Heads, though if you prefer, order direct from the Thompson Mfg. Co., phone Broadway 2259.

Marks on the highly polished table, such as those made by heat, will yield to paraffin. Rub it on with a soft cloth.

When Geoff and Colette began housekeeping a storm almost upset their matrimonial craft for all time. Seemingly it was over a mere triviality—namely the butter which Colette gave Geoff one morning when hot biscuits were served. Colette said afterwards that at the last moment she discovered they were out of L. A. Creamery butter so bought another kind, the cost of which was considerably less but said "never again!" L. A. butter will be in my cooler or ice box from now on. Always uniform and delicious as long as it lasts, it would be well if more women would use the L. A. brand and never run the risk poor Colette took.

An entirely new bath salts will soon be welcomed into Los Angeles' midst. To Mr. Horace Moll, 720 W. 9th, will be also he delighted for Du Moll Bath Salts which not only softens the water but possesses an unusually delightful fragrance, so refreshing, when bathing.

Stop your Auto!—At Mollie King's Bakery, 302 So. Bond St., Los Angeles. This home-made loaf of real home-made bread, white, vitamin whole wheat, rye, oatmeal, raisin and nut bread, made with Golden State butter and L. A. Bottled Milk. All kinds of delicious cakes, pies and cookies, too.

It seems as though every woman who owns a Federal "Thermo-Storage" Automatic Water Heater Stove is just as enthusiastic as can be! One prominent Los Angeles resident said: "I think it is simply splendid! I have used it for years, and in all that time have had utmost satisfaction. Inexpensive to use and so satisfactory that I intend to build another house I should certainly want a 'Thermo-Storage.' A five-year guarantee is given with this splendid hot-water heater. Why not see the exhibition and demonstration at 354 South Los Angeles St., or phone Main 3447 and have circular mailed to you.

This is an excellent time to have your down quilt recovered and repaired by the Western Feather & Down Works, 1203 W. Washington St. Phone them at 32323.

Paper may be made to adhere to whitewashed walls by washing with water.

Did you know that your glassware, mirrors, silver or plated ware, even though badly tarnished, can be cleaned thoroughly as well as perfectly, by Bobrick's Genuine Cloudy Ammonia, which is not an ordinary ammonia, but one which a woman who uses it once finds exceptional. You see, it contains nine ingredients, each one of which is a cleanser, so you see "there is a reason" why you must insist upon your grocer giving you Bobrick's Cloudy Ammonia, and no other.

Flannels and blankets can be washed without shrinking by adding to each full of suds one tablespoon of cloudy ammonia.

Too much cannot be said about Young's high class meat market department. The pride Mr. Peter Young has taken in selling only the finest of tender meats procurable in this way he gains the confidence of those who visit his numerous markets, with this result—they invariably return, glad to know and proud to praise the quality of his meats. Young's is thoroughly reliable in every way.

An iron which is too hot will fail the material while you are ironing. This is more often the cause of fading than is the washing.

Why not replace your worn-out carpet with a soft, harmonious colored Velvet, \$12.50 for 12' x 12'. Wonderful value too as are the Wiltons. W. S. Heaton, 2923 W. 7th has all sizes \$10 to \$115 in price.

Pecans in devil's food cake add greatly to its deliciousness.

My, but the rugs sent to be "shampooed" by the Acme Cleaners could truly be taken for new, so beautifully are they cleaned. Call Peck 1680 and ask that a man be sent to give estimate on the cost of cleaning all your floor coverings. The Acme Cleaners are a razor blade which your husband has discarded makes an excellent ripper.

Cottage cheese made by the Los Angeles Creamery Company contains over so much nourishment. A short time you can tell at one glance if you are given a drink of any other so-called "agrus pura" which is inferior. It wouldn't be satisfactory either, because the quality of other Arrowhead is distinctly individual. Step to visualize its origin and the reason is at once apparent. Not so long before you received it 'twas from far up in the San Bernardino Mountains. In all its purity, it came trickling down the hillside until at a certain point huge glass pans captured it and brought it direct to Los Angeles, and finally to you, if you will call South 331 and order a demijohn. Your continued health almost demands it, rowhead, and if you have never used it, begin now.

Watermelons are here again and don't forget to preserve some of the rind before the season is over. It is most enjoyable with cold suppers.

Do you know that after you have been drinking Arrowhead water a short time you can tell at one glance if you are given a drink of any other so-called "agrus pura" which is inferior. It wouldn't be satisfactory either, because the quality of other Arrowhead is distinctly individual. Step to visualize its origin and the reason is at once apparent. Not so long before you received it 'twas from far up in the San Bernardino Mountains. In all its purity, it came trickling down the hillside until at a certain point huge glass pans captured it and brought it direct to Los Angeles, and finally to you, if you will call South 331 and order a demijohn. Your continued health almost demands it, rowhead, and if you have never used it, begin now.

Keep in the basement or cooler a number of bottles of ginger ale ready to serve guests who come in unexpectedly.

You wouldn't believe it possible that within a day after the installing of the "Antral" system around the house and throughout the garden and grounds, those pesky little ants would disappear, would you? But it's a fact which has been proved. The cost of installing is exceedingly reasonable. Phone or write the Universal Laboratories, 1360 W. Washington (West 232), for estimates.

A great convenience in the kitchen is a square of rubber sheeting which can be spread on the table while sprinkling clothes. It keeps the clothes clean and prevents splashing and consequent labor of wiping up water.

Pretty soon there will be procurable a truly remarkable complexion beautifier, called Du Moll massage cream made by Horace Moll & Co., 720 W. 9th. A real boon for California women, whose skins have suffered from the alkali in the air and water.

When a cake is thoroughly baked it shrinks from the sides of the pan. A light touch with the finger which leaves no mark is another indication that the cake is baked.

PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

(Chief Women will surely be tested and given credit to the Times readers, men for special and all information that they may want. All recipes published in Woman Labor Kitchen, 425 Arden Avenue, Glendale, 54.

By Chef A. L. Wyman, M. C. A. CHICAGO, Sept. 11.—We arrived here several days ago and have endeavored to visit as many of our old friends as possible and secure some of the favorite recipes. The first night we had dinner at our hotel in one of the most unique dining rooms in the world. The diners sit in tiers as at the theater, everyone has a clear view of both the dining-room and the stage. They have a very fine menu and some very interesting entertainers. Two dishes served here are worthy of mention, a savory lobster and a grape soufflé.

SAVORY LOBSTER
Cut the meat of one cold-boiled lobster into flakes and put in a saucepan in which has been melted two tablespoons of butter. Stir over the fire for three minutes and still in two eggs beaten with two teaspoons of cream. Season with salt and paprika and stir until the mixture commences to set. Remove from the fire and heap on mounds of buttered toast. Sprinkle with parsley and garnish with watercress.

GRAPE SOUFFLE
Melt two tablespoons of butter in a saucepan, stir in two tablespoons of flour and one tablespoon of cornstarch. Stir for three minutes, be careful it does not brown. Stir in one cup of milk, two tablespoons of sugar, and one-half a teaspoon of lemon extract. Stir over the fire until it will leave the sides of the pan clean. Cool a little and beat into it the yolks of three eggs and half a cup of grape pulp, made by rubbing grapes through a sieve. Add the stiffly beaten whites of two eggs; fill a buttered souffle mould with the mixture and bake in a medium oven thirty-five minutes. Serve very hot with grape sauce.

BROWN BREAD CREAM
Over on Chestnut street is a little restaurant that serves old-fashioned brown bread cream. This is made by frying crisp two cups of stale bread crumbs in half a cup of oil, and the mixture on the ice for one hour. Mix in a small, cold bowl four tablespoons of melted butter, one teaspoon of tarragon vinegar and one tablespoon of whipped cream. Pour this dressing over the bread crumbs and serve on leaves of crisp lettuce.

MELON SALAD
This same place also serves a very nice melon salad. Cut a melon in half and remove the seeds. Sprinkle the inside with salt and paprika, also add a teaspoon of onion juice and mix the mixture on the ice for one hour. Mix in a small, cold bowl four tablespoons of melted butter, one teaspoon of tarragon vinegar and one tablespoon of whipped cream. Pour this dressing over the melon cubes and serve on leaves of crisp lettuce.

CHOCOLATE PARFAIT
One of the best frozen desserts that we have had, is a chocolate parfait. To make, slightly beat six eggs, add two cups of milk, four tablespoons of sugar, and a pinch of salt. Pour into a double boiler and stir until it thickens, add four tablespoons of ground chocolate and stir until smooth. Pour into a mold and freeze. Serve in a cold bowl. Sprinkle the bowl on ice and whip the mixture until it is cold. Add one cup of whipped cream and pour into a parfait mold. Cover tight and pack in two parts ice and one part salt for three hours.

WOODCOCK TOAST
This is a supper dish served at one of the popular cabarets. Wash and clean half a pound of chicken livers, dry and pound very fine. Mash fine two boned and skinned anchovies and add to the chicken livers with half a teaspoon of sugar, two tablespoons of creamed butter, a seasoning of salt and paprika, the yolks of six eggs and one tablespoon of cream. Place in a double boiler and stir until thick. Remove from the fire and stir in three tablespoons of cream, pour over hot toast and garnish with watercress.

SPINACH RAVIOLIS
Over on North Clark street at one of the Italian restaurants they serve ravioli made with spinach which is very nice. Pick, wash and drain one and a half pounds of spinach and place in a saucepan with two cups of water, salted water and cook for thirty minutes. Drain the spinach and place them on a floured board. Have ready a pan of boiling salted water and boil the raviolis in it for five minutes. Remove and drain; place on hot plates, sprinkle with parmesan cheese, pour over a good tomato sauce and bake in a medium oven ten minutes.

CHICKEN ROLLS
Chicken rolls are one of the lunch dishes served at one of the downtown lunch clubs. Scoop out the insides of round rolled after removing slice from the top and toast them to a light brown in a slow oven. Place in a saucepan one tablespoon of butter and one tablespoon of flour and cook five minutes without browning. Stir in a half cup of milk, and one cup and a half of cooked chicken cut in small dice, two tablespoons of butter, one teaspoon of salt, and a few grains of nutmeg. Fill the rolls with this mixture, sprinkle with buttered bread crumbs and set in the oven for five minutes.

BEEF AND POTATO SALAD
At this club they serve a beef and potato salad that is very pop-

STORKS PLAGUE GERMAN TOWN

Enormous Flocks of Birds Roost Nightly Upon Homes of Burglars

(BY CARLE AND ASSOCIATED PRESS. CRYSTAL CITY, (W. Va. Sept. 15.)—A flock of storks, estimated to number 300,000, has invaded Ceynhausen. From ten to twelve of the birds roost nightly on the roof of each house.

ular. Cut a pickled beet into slices and then cut in strips. Peel and cut three cold, boiled potatoes in the same way. Wash, trim, and cut a small head of celery the same way. Make a dressing of three tablespoons of olive oil, one tablespoon of vinegar, half a teaspoon of salt, a quarter of teaspoon of paprika and a little mustard. Mix the dressing with fork and sprinkle over the potatoes, celery and beet. Serve on lettuce and watercress.

TRIPLE WITH CREAM SAUCE
Triple with cream was the dish served for lunch at a homey little place on East Chicago avenue, near the lake. Wash one and a half pounds of honeycomb tripe and cut into finger shaped pieces. Place in a saucepan four tablespoons of butter and one chopped onion and cook until the onion is light brown. Add the tripe, season with salt and pepper, sprinkle over two tablespoons of flour and stir for four minutes. Add one cup of milk and two tablespoons of cream. Simmer for thirty minutes, stirring often.

CREAM SOUP
One of the exhibitors at the bakers' exposition makes a cream soup that is delicious and he gave me the recipe. Sift two cups of flour with half a teaspoon of salt, and two teaspoons of baking powder. Rub into this six tablespoons of butter and gradually work in half a cup of milk and four tablespoons of cream. Roll out on a floured board one-quarter of an inch thick and cut in rounds with a two-inch cutter. Place on a baking sheet and bake fifteen minutes; when nearly done brush with milk and return to the oven five minutes.

LEMON CAKE
Another baker at this show makes a lemon cake that is a real treat. Beat to a cream half a cup of butter and two-thirds of a cup of sugar. Sift one and a half cups of flour with half a teaspoon of salt, half a teaspoon of baking powder, and two teaspoons of baking powder. Rub into this six tablespoons of butter and gradually work in half a cup of milk and four tablespoons of cream. Roll out on a floured board one-quarter of an inch thick and cut in rounds with a two-inch cutter. Place on a baking sheet and bake fifteen minutes; when nearly done brush with milk and return to the oven five minutes.

SOUR BEEF
Sour beef as served at one of the Clark-street cafes requires two days to prepare, but it is the most delicious of soups. Select a nice six-pound piece of beef rump and rub it well with salt, pepper and two cloves of garlic. Place in an earthen jar and add one sliced carrot, one sliced onion, three stalks of celery, four sprigs of parsley, two bay leaves, one blade of mace and three whole cloves. Boil four cups of cider vinegar and pour over all. Stand in ice for forty minutes, for two days.

Place four tablespoons of butter in an enameled pot and when hot add the beef and fry a minute. Brown on all sides, remove the beef and add to the pot two tablespoons of flour and cook brown. Add half a cup of the vinegar the beef was pickled in and six cups of beef stock. Return the beef to the pot, bring to a boil, add three chopped tomatoes and simmer until soft. Remove the beef and cut in slices. Reduce the sauce and strain over the beef and serve with potato dumplings.

POTATO CAKE
Before leaving home I received a number of requests and will answer some of them this week. For a potato cake in which is used mashed potatoes. Beat to a cream half a cup of butter and one cup of sugar. Add two well-beaten eggs, half a cup of milk, and half a cup of hot, mashed potatoes. Beat well and add one cup of flour sifted with two teaspoons of baking powder, half a teaspoon each of ground cloves, cinnamon, and nutmeg, and half a cup of ground chocolate. Beat well and stir in half a cup of chopped almonds. Bake in a loaf cake pan forty minutes.

CODFISH BISCAIENNE
R. E. city, requests a recipe for salt codfish Biscayenne. Soak one pound of salt codfish over night. Heat a tablespoon of olive oil in an earthenware baking dish and add one finely chopped onion until the onion is clear, but not brown. Add three finely chopped cloves of garlic and half of the codfish. Cover the codfish with one thinly sliced raw potato, one peeled and sliced tomato, and a seasoning of salt. Cover with the remainder of the codfish, add four tablespoons of water, cover and cook in a medium oven one hour.

RUSSIAN SALAD
A. H. Monrovia, would like to know what ingredients are used for Russian salad. Place in a bowl equal parts of boiled carrots, turnips, beets and potatoes, cut in small dice, boiled peas, string beans cut in cubes, roast beef cut in dice. Season with salt and pepper, wet with tarragon vinegar and let stand one hour. Drain and mound on lettuce leaves. Cover with mayonnaise and garnish with sliced radishes.

"CALIFORNIA HUT" TO AID DISABLED

The shop which is to be opened in Los Angeles for the sale of articles manufactured by disabled veterans of the World War in order to enable these men to become self-supporting, is to be known as "The California Hut." This was announced by the board of directors of the store yesterday. Funds are being raised from the American Legion and other organizations to equip the shop, at which disabled veterans will manufacture useful articles. Temporary headquarters of the board have been established at 348 South Hill street, and are in charge of Mrs. Alice E. Hall. The telephone number of the offices is 14346.

WILL JOHNSTON WHIPS VINCENT RICHARDS; TILDEN BEATS PATTERSON

CALIFORNIAN'S MARVELOUS PLAY EARN'S RIGHT TO MEET TILDEN

"Big Bill" and "Little Bill" Crush Opponents in Semifinal of National Tennis Tourney

BY WILLIAM T. TILDEN JR.
(EXCLUSIVE DISPATCH.)
PHILADELPHIA, Sept. 15.—America will retain the championship of the United States in tennis, since William M. Johnston and I will meet tomorrow to decide the title-holder. This was determined by virtue of Johnston's victory over Vincent Richards of New York, 8-5, 6-2, 6-1, in the semifinal of the national singles championship at the Germantown Cricket Club and the elimination of the last foreigner, L. Patterson of Australia, by me in a bitterly contested match, 4-5, 6-4, 6-3, 6-1.

Bill opened cautiously, but after a few minutes he was quite obviously determined to win. He was not a new player, but he was a great player, a fine sportsman and a good friend. I have never been in better condition and if Johnston defeats me, he will beat the best tennis I have in me. My sincerest congratulations are his, if he wins as I know he is to me, if I should be the lucky man. No alibi and no regrets, Johnston stands for and I hope that I, too, can meet him in the same spirit.

Net Stars to Get Busy on Courts Today

All matches up to the semifinals and finals of the Los Angeles county championship tennis tournament will be played today on the courts of the Los Angeles Tennis Club. Several high class net engagements are billed for today's round of play and several upsets of the type that first of a series of six, for the British-American cup, and the British team also won the day's event, 19 points to 17.

The race today brought Great Britain's total points to 52 against 37 for the United States. The entire British team of four boys must finish ahead of all the American yachts tomorrow to win the cup.

Play in the men's doubles and the junior singles should also bring out a nifty brand of tennis. The schedule of today's play follows:

Court 1—Wells vs. Hinchey.
Court 2—Gibson vs. Roy.
Court 3—Lambert and Newman vs. Thomas and Ferguson.
Court 4—Hunt vs. John Dent.
Court 5—Hunt vs. John Dent.

MISS WILLS WINS AND IS BEATEN

(BY A. F. NIGHT WIRE.)
PHILADELPHIA, Sept. 15.—Miss Helen Wills of Berkeley, Cal., won the girls' national lawn tennis singles championship today by defeating Miss Helen Hooker of New York, 6-3, 6-1, on the courts of the Philadelphia Cricket Club at St. Martin's Pa. Miss Hooker's total of six games was more than all other players, both in the girls' tourney and in the women's Middle States title meeting, have been able to get from the 16-year-old California star combined in matches this week.

British Boats Finish in Van at Oyster Bay

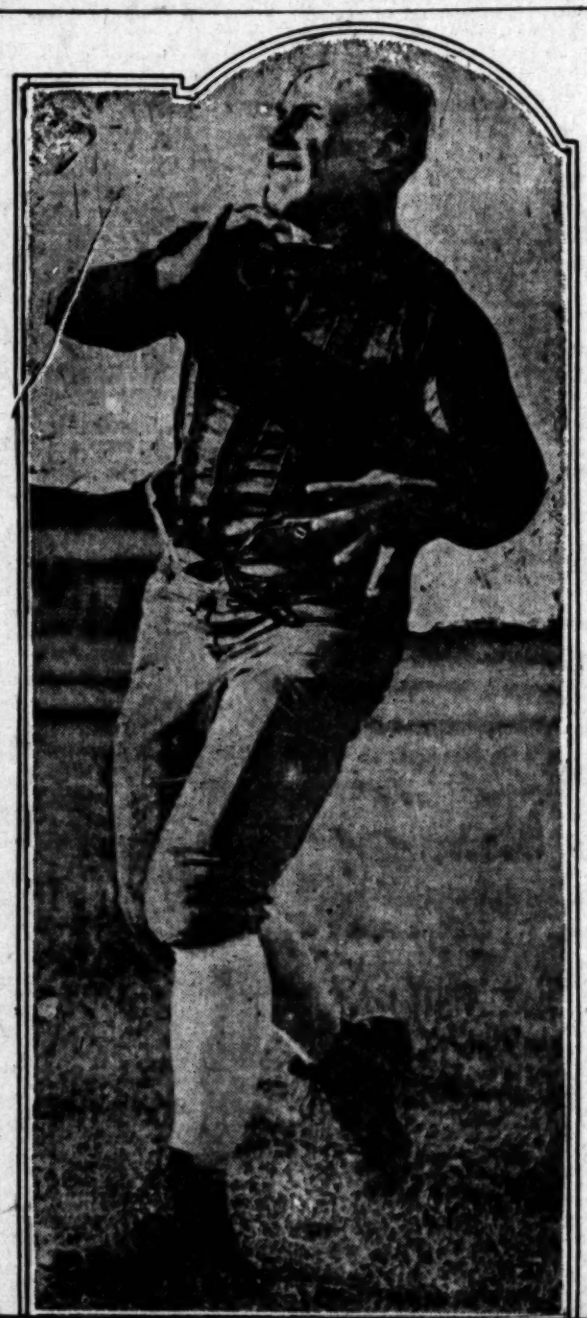

(BY A. F. NIGHT WIRE.)
ABOARD DESTROYER MAHAN, OFF OYSTER BAY (N. Y.), Sept. 15.—Two British boats, Rex and Colla, finished first and second in today's international six-meter yacht race, the first of a series of six, for the British-American cup, and the British team also won the day's event, 19 points to 17.

GAUCHA BEATS ELLIS

(BY A. F. NIGHT WIRE.)
AURORA (Ill.) Sept. 15.—Mike Dundee, bantamweight, tonight gained a popular decision over Mike Smith of New York, in a ten-round bout. Frankie Garcia of Los Angeles, who was given the verdict over Jack Ellis of Chicago in an eight-round bout at 126 pounds.

The Trojans Get Their First Official Workout of the Season

Below we have a little general lumbering-up practice with Roy Baker tossing forward passes to Capt. Leo Calland, just coming up out of his marks in the foreground. At the top Roy (Bullet) Baker is hurling one of his celebrated passes for the edification of the cameraman.

"BEAT CALIFORNIA," IS THE PIGSKIN SLOGAN; TROJANS WORRIED OVER ROY BAKER'S STATUS

Coach Gloomy Gus Henderson of U.S.C. had the blood-sweating Behemoths of the Trojan institution out scrambling around under a boiling sun yesterday afternoon in their first official practice of the 1922 season. Gus let the boys play around by themselves until about 4:30 and then he took command. Most of last year's heroes were on deck. The most immediate cause of concern in the Trojan camp is the status of Bullet Roy Baker, the line-plunging demon, who has been counted on to make everybody forget Charley Dean. Roy is just now engaged in hand-to-hand combat with a couple of faculty members trying to make up enough credit to become eligible for the varsity.

On top of Baker's temporary ineligibility comes the question of his status as far as the Pacific Coast Conference is concerned. Baker has already played two years of varsity football at Santa Clara. He competed for the Saints, however, as a prep and as a freshman. The Trojan rooters have sort of had an idea that inasmuch as he couldn't have played for U.S.C. either as a prep or as a freshman, he still has three years of varsity competition coming.

They took the question up with the coast conference a few days ago and the coast conference ruled that Baker had only one year more to play, having had two of his three years already at Santa Clara. The Trojans are not satisfied and claim that the rule cannot be made retroactive in Baker's case. So if Baker gets past his present ball game with the faculty his troubles will only have begun.

Outstanding among the candidates for the varsity yesterday were Capt. Leo Calland, looking bigger than ever; Johnny Boyle, of whom the saints can be said; Hobo Kincaid, Roy Baker, Chet Dole and several other lesser lights. Quite a handful of freshmen were also on the job, including a large mysterious party named Wilmer, who persisted in punting about sixty yards and drop-kicking pretty nearly as far. In addition to Henderson, Assistant Coach Hunter and Freshman Coach Harold Hess were on the job. Regular practice for the Trojan fresh

doesn't commence until Monday. The total squad, including varsity and freshman candidates numbered about fifty.

One Cardinal candidate, "discovered" today was William Phoney, a 210-pounder, who was a guard on the University of Chicago team in 1920 and who was picked for the all-western conference team that season. Phoney was here last year, but was ineligible for varsity football. His addition to the squad makes a 200-pound line possible for Stanford this year.

More than 125 football candidates turned out for football practice today and were given light workouts. In a short time they will be picked out and the letter men will start on the training table next week. Later the varsity squad will be cut to thirty.

"Buck" Muller, all-American and last year, Capt. Charlie Erb, veteran quarterback, and Don Nichols, star halfback of last year, were among the men out today.

DEER SEASON OPENS TODAY

Game Reported Plentiful in District Four
Santa Monica is Reliance of Ye Nimrods

Law Says Only Two Bucks Season is Limit

With the game reported as plentiful as in former seasons in the deer season in district four, which includes Los Angeles county, will open this morning at a half-hour before sunrise.

ARMED HEAVILY

The majority of the local buck stalkers, however, awaited the opening in this section, relying on the popular Santa Monica Mountain district to bag their brace of forked horns. As in former seasons, the Santa Monica Mountains will be fairly swarming with veterans, amateurs and worse than amateurs, today and for some days to come—all armed to the teeth.

FIRING AT DOVE

For two weeks now, the local gunners have been blasting away at doves. This season opened on the 1st inst. By now, the birds have scattered to the four winds, so a change to the heavy rifle and shooting at but one object at a time should just about fit the hunters.

RAIN KILLS RACES

STRAUCHE (N. Y.) Sept. 15.—The grand circuit races at the New York State fair track were cancelled because of bad track conditions due to rain.

BANTAM SCRAP IS EVEN UP

George Marks and Dick Griffin Put Up a Tame Bout at Stadium

One more attempt was made last night to settle this George Marks-Dick Griffin thing out at the Hollywood fight stadium, but without results. The two half-portion puns battled more or less fiercely through four rounds and Referee George Blake sagely called the tilt a draw.

PENNER POISON TO BENGALISE

Twirler Has Vernon's Goat at All Times
Rod Murphy Pulls Off Base-Running Classic

Doyle is Walloped Hard by Soapy Solons

BY ED O'MALLEY

News distressing—Sacramento 1. Vernon 6. The Tigers have no one to blame but themselves for the debacle. Any time a team wallows another 21 to 1 it excites the risibles of that baleful Imp, who presides over bodements, portents and omens and invariably he will shoot back a nest of goose eggs at the victors the next day. The Imp of the perverse is nothing if not eccentric and such was his fell work yesterday.

But apart from the uncanny pranks of fortune it must be heralded that one Ken Penner heaved a whooper of a game. He was of elusiveness all compact and would have beaten any team in the world with his curves and drops. Only one real bingle was scored against him—that of Ping Bodie's in the opening canto. Of the five hits registered against him, four were of a fluky nature, two being squib Texas Leaguers and two flowed into singles through bad hops.

RAFFED SMARTLY

Doyle, who has been going like a prairie fire here lately, was fired at the Soapy Solons, but his art forsook him soon after he left the dug-out and he was rapped rather smartly. He was taken out in the ninth inning and Wheeler Dell substituted but the awful deed had been compassed by that time.

The game was featured by the greatest piece of base running seen on the Coast this year. When a man scores from second on a sacrifice fly one is prone to get on one's toes and howl oneself hoarse with acclaim for the performer and that performer was our dear old sidekick Rod Murphy. Perhaps it would be better to describe his super stuff when we come to it in the regular description of the inning.

DUNDEE PASSED UP

(BY OMAHA AND SACRAMENTO PRESS.)
PARIS, Sept. 15.—The manager of Eugene Criegel, the French boxer who holds the featherweight championship of Europe, has sent a cablegram to Jack Kearns in New York declining an offer of \$10,000 to meet John Dundee in New York, October 12.

The Trojans Get Their First Official Workout of the Season

BEAT CALIFORNIA, IS THE PIGSKIN SLOGAN; TROJANS WORRIED OVER ROY BAKER'S STATUS

Coach Gloomy Gus Henderson of U.S.C. had the blood-sweating Behemoths of the Trojan institution out scrambling around under a boiling sun yesterday afternoon in their first official practice of the 1922 season. Gus let the boys play around by themselves until about 4:30 and then he took command. Most of last year's heroes were on deck. The most immediate cause of concern in the Trojan camp is the status of Bullet Roy Baker, the line-plunging demon, who has been counted on to make everybody forget Charley Dean. Roy is just now engaged in hand-to-hand combat with a couple of faculty members trying to make up enough credit to become eligible for the varsity.

On top of Baker's temporary ineligibility comes the question of his status as far as the Pacific Coast Conference is concerned. Baker has already played two years of varsity football at Santa Clara. He competed for the Saints, however, as a prep and as a freshman. The Trojan rooters have sort of had an idea that inasmuch as he couldn't have played for U.S.C. either as a prep or as a freshman, he still has three years of varsity competition coming.

They took the question up with the coast conference a few days ago and the coast conference ruled that Baker had only one year more to play, having had two of his three years already at Santa Clara. The Trojans are not satisfied and claim that the rule cannot be made retroactive in Baker's case. So if Baker gets past his present ball game with the faculty his troubles will only have begun.

Outstanding among the candidates for the varsity yesterday were Capt. Leo Calland, looking bigger than ever; Johnny Boyle, of whom the saints can be said; Hobo Kincaid, Roy Baker, Chet Dole and several other lesser lights. Quite a handful of freshmen were also on the job, including a large mysterious party named Wilmer, who persisted in punting about sixty yards and drop-kicking pretty nearly as far. In addition to Henderson, Assistant Coach Hunter and Freshman Coach Harold Hess were on the job. Regular practice for the Trojan fresh

doesn't commence until Monday. The total squad, including varsity and freshman candidates numbered about fifty.

One Cardinal candidate, "discovered" today was William Phoney, a 210-pounder, who was a guard on the University of Chicago team in 1920 and who was picked for the all-western conference team that season. Phoney was here last year, but was ineligible for varsity football. His addition to the squad makes a 200-pound line possible for Stanford this year.

More than 125 football candidates turned out for football practice today and were given light workouts. In a short time they will be picked out and the letter men will start on the training table next week. Later the varsity squad will be cut to thirty.

"Buck" Muller, all-American and last year, Capt. Charlie Erb, veteran quarterback, and Don Nichols, star halfback of last year, were among the men out today.

On the light workouts which will make up their program for the first week.

Merchants' Association Gives Advice to Members

Action Outcome of Police Promotion

The Merchants' and Manufacturers' Association yesterday sent to its members a letter asking them henceforth to refuse to patronize any advertising enterprises that are not through established mediums. Accompanying the letter was a card, making such an announcement, which the members were asked to post in a conspicuous place in their offices.

The action is the outcome of the Police Book, against which the Merchants' and Manufacturers' Association protested, and the Year Book of the County Employees' Association, more recently protested against by the Better Business Bureau of the Advertising Club of Los Angeles.

F. J. Zeehandelaar, secretary of the Merchants' and Manufacturers' Association, yesterday explained that the matter of the Police Book is held up until the return to the city of Chief of Police Oakes. Of the \$5000 collected from advertisers, all but \$2000 has been expended, Mr. Zeehandelaar said.

"This balance will be distributed to its contributors," he said.

SECOND SCHEME HIT

Ferris R. Miller, manager of the Better Business Bureau of the Advertising Club, advises merchants not to patronize the County Employees' Association book on the basis that the promoters get 50 per cent of the proceeds of the advertising, and that in any event the Advertising Club opposes all such schemes where the publication has no advertising value and is adding more than a donation. The Police Book promoters were to have gotten 50 per cent of the proceeds.

W. H. Holland, chief deputy promotion officer, and president of the County Employees' Association, explained yesterday that in addition to the 10 per cent of the advertising proceeds the contract with the promoters calls for delivery without cost to the association of 500 copies of the book and 1000 pamphlets of the association by way of data about \$4000 in advertising business has been arranged. Of this sum the association will get about \$400.

BOOK IS DEFENDED

"We entered into the contract with our eyes open and we did not get enough, it is our own fault," Mr. Holland said. "The association for the book has been almost completed, and I think this is late to call a halt, because the promoters have lived up to the part of the contract. We were careful not to permit political advertising, and we did not feel as any merchant of good address who thought he was getting his money's worth in publicity. In one bank which refused to advertise, sent us a check to apply to our fund, and we returned the check. The association is self-supporting. Our part of the contract merely will go to a fund for entertainment, from which in emergency money might be drawn in case of sickness or death of our members."

SCENARIO WRITER

AND MINISTER WED

CLARA KENNEDY MARRIES REV. E. M. TERWILLIGER IN PASADENA

Minister Terwilliger, who is a native of Santa Monica, Miss Clara Kennedy, author of numerous scenarios, and Rev. Ivan Terwilliger, Methodist minister, were united in marriage yesterday at home of the bride's parents, Mr. and Mrs. F. H. Kennedy, 418 South El Molino street, Pasadena.

Mr. A. D. Jewett, sister of the bride, acted as matron of honor. Frederick Kennedy, Jr., brother of the bride, was best man. The young couple expect to leave immediately for a honeymoon in Southern California, after which they will attend the Northern California Methodist Conference at Santa Rosa and receive his appointment to a charge. Mrs. Terwilliger is credited with being the author of many Paramount stories, plays in which such celebrities as Constance Tamm, Wallace Reid and a host of other stars have scored successes. The bridegroom graduated from Case University in 1917, being a member of the Phi Beta Kappa society. Later he took post graduate work at the Drew Theological Seminary. He has been actively engaged in the ministry for several years. The ceremony was performed by Rev. John Marvin Smith, pastor of the First Baptist church, Pasadena.

KNIGHTS OF PYTHIAS OBTAIN OLD CHURCH

"Times" Staff Correspondent (EXCLUSIVE DISPATCH.) PASADENA, Sept. 15.—Pasadena today announced the purchase of the old Nazarene Church building, Fair Oaks avenue and Olive street, for use as a lodge and social club. The Knights of Pythias will take possession of the structure October 1 next and remodel it by building new and removing the steeple.

Chamberlain's Cough Remedy is Pleasant to Take. The finest quality of granulated sugar is used in the manufacture of Chamberlain's Cough Remedy and the route used in its distribution gives it a flavor similar to candy, making it quite pleasant to take. This is of much importance when a medicine must be given to young children. It is the best for its cure.—Advertisement.

PLANT FOR BOGUS GIN UNEARTHED

Santa Barbara Thought to be the Distributing Point for Coast

(EXCLUSIVE DISPATCH.) SANTA BARBARA, Sept. 15.—That Santa Barbara has been the coast headquarters for a wide trade in bogus high-proof gin is asserted by the officers here today following the arrest and escape of George Turner, asserted runner for a ring of moonshiners who, it is declared, have been manufacturing gin in an aristocratic house here and who found large sale for their manufacture at fabulous prices in San Francisco, Los Angeles, San Diego, Burlingame, Pasadena and elsewhere. Turner and several others known to the authorities through their connection as stewards and cafe managers serving high society have, it is said, been under surveillance for some time. The men had been shadowed until the officers were certain they had located the house where the gin is asserted to have been made. Then the order was given for the arrest of Turner, who was taken late last night as he was driving into town. He had in his car thirty gallons of pure alcohol, the officers say. Soon afterward he leaped from the car and escaped and though constant search for the fugitive has been maintained, no trace of him has been found. Sheriff James Ross has been quietly carrying on a surveillance of the gang that has been hauling "alcohol" gin and has been attaching labels to make it appear that the gin is bonded goods. It is declared that by this means high society trade over the coast has been secured and the gang was doing a land-office business until the arrest of Turner.

BOY BADLY INJURED; AUTO SPEEDS AWAY

LONG BEACH POLICE SEEKING DRIVER OF CAR WHICH RAN DOWN BOY

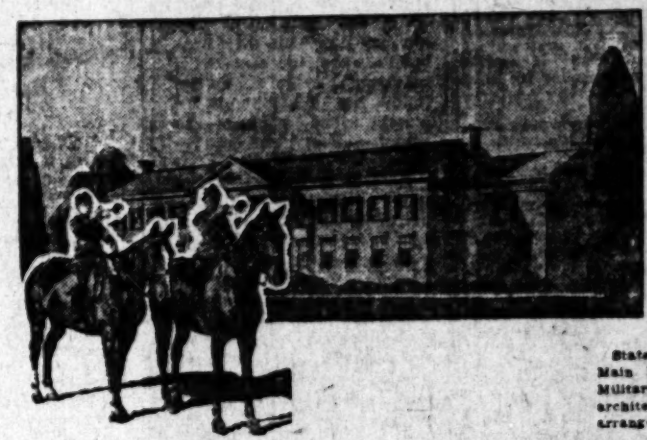

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH.) LONG BEACH, Sept. 15.—Local police and deputy sheriffs are making a determined effort today to learn the identity of the driver of a touring car which struck and injured a 13-year-old Gerhard Ehnman on American avenue this morning. The driver proceeded on his way without stopping to render aid. He was said by the police. The boy, who is the son of Mr. and Mrs. C. E. Ehnman of 3531 Pasadena avenue, was riding a bicycle when the automobile struck him. The lad was knocked from his wheel and sustained severe cuts and bruises and possibly a seriously injured spine, it was said. Half a block beyond the scene of the accident the driver of a truck succeeded in forcing the machine to slow down sufficiently by pocketing it to enable him to read the license number.

14 miles to the Merritt Jones.—Advertisement.

COMMONER TO SPEAK HERE

W. M. Widenham, past district governor of the California District of Kiwanis International, announced yesterday that William Jennings Bryan will address the Los Angeles Kiwanis Club at its noon-meeting Wednesday.
